### **DETAILED ACTION**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 21, 2007 has been entered.

### ***Claim Objections***

2. Claims 91-94 objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. It has been held that to be entitled to weight in method claims, the recited structure limitations therein must affect the method in a manipulative sense, and not to amount to the mere claiming of a use or not the use of a particular structure. *Ex parte Pfeiffer*, 1962 C.D. 408 (1961). The claims do not state a further step or process, hence, does not further limit the method.

### ***Allowable Subject Matter***

3. Claims 64 and 87-90 are allowed.

4. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

### ***Conclusion***

5. This application is in condition for allowance except for the above formal matters.

6. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

7. A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

## **8. NOTICES REGARDING CLAIMS AND CONTINUATIONS RULES**

**Rules and Clarifications Not Effective on November 1, 2007.**

The United States Patent and Trademark Office (USPTO) published a final rule notice in the Federal Register to revise the rules of practice in patent cases relating to continuing applications and requests for continued examination practices, and for the examination of claims in patent applications. See Changes to Practice for Continued Examination Filings, Patent Applications Containing Patentably Indistinct Claims, and Examination of Claims in Patent Applications, 72 Fed. Reg. 46716 (Aug. 21, 2007) (Claims and Continuations Final Rule). The final rule notice published in the Federal Register indicates that the effective date for the changes to the rules of practice in the Claims and Continuations Final Rule is November 1, 2007. **Additionally, on November 6, 2007, a notice entitled "Clarification of the Transitional**

**Provisions Relating to Continuing Applications and Applications Containing Patentably Indistinct Claims” will publish in the Office Gazette (OG). This notice was originally posted on the USPTO’s Web site on October 10, 2007, but because of the normal three to four week publication delay for OG notices is now just appearing.** On October 31, 2007, the United States District Court for the Eastern District Court of Virginia issued a Preliminary Injunction enjoining the USPTO from implementing the changes in the Claims and Continuations Final Rule. **Therefore, the changes to the rules of practice in the Claims and Continuations Final Rule, including the October 10 clarifications, will not go into effect on November 1, 2007.** USPTO employees are to continue processing and examining patent applications under the rules and procedures in effect on October 31, 2007, until further notice.

9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **WILLIAM D. CUMMING** whose telephone number is **571-272-7861**. The examiner can normally be reached on Monday-Thursday, 11:00am-8:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner’s supervisor, Charles Appiah can be reached on 571-272-7904. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

10. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
